1. The following is an examiner's statement of reasons for allowance:

In the claims the phrase "second side continuously exposed..." has been interpreted as argued by applicant in the interview as the exposed mesh surface is continuous along the ground engaging surface, i.e. there are no interruptions to the exposed surface of the mesh. The surface is uninterrupted and not covered by any other element as shown in the drawings, i.e. the continuous mesh surface is exposed along the ground engaging surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marie Patterson whose telephone number is 703-308-0069. The examiner can normally be reached on M-Th 6:30-4:00.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
